CALTEX RANDO HD 68 18L
(Hydraulic Oil)

PN: 520212HRK

\$108.90 INC GST

Rando® HD oils are a hydraulic fluid designed to give robust protection to hydraulic pumps in mobile and stationary systems

CALTEX SUPER TRACTOR
15W40 20L

PN: 500421HOK

\$119.90 INC GST

A shear stable, multi-viscosity super tractor oil universal (STOU) fluid. It has been designed for use in tractor engines, transmissions, final drives and hydraulic systems

CALTEX DELO 400 MGX 15W-40 20L

PN: 500634HOK

\$125.40 INC GST

An API CJ-4 premium heavy duty diesel engine oil formulated for on-highway and off-highway applications using either High Sulfur or Low Sulfur

DDAYS

EVERYTHING WELDING

WE ARE A FAMILY OWNED BUSINESS ESTABLISHED IN 1948, LOCATED IN GOULBURN, CRINGILA AND WAGGA WAGGA. DAYS INDUSTRIAL HAS BUILT A SOLID REPUTATION BASED ON RELIABLE PERFORMANCE, QUALITY SERVICE AND OUR COMMITMENT TO CUSTOMER SATISFACTION. ALONG WITH OUR VENDORS, WE ARE THE SUPPLIER OF CHOICE TO KEEP YOUR OPERATIONS RUNNING SMOOTHLY.

Our experienced team of product specialists are skilled at providing custom solutions for your business. When you partner with us you can expect professional advice and service at your fingertips. Our mission is more than just selling equipment – we pride ourselves on building strong and ongoing relationships with our customers, with a foundation built on reliability, trust and integrity.

\$2399 INC GST

Adflo PAPP

PN: 617830

- Variable Colour in the dark state (natural, cool, and warm tones)
- 73 x 109mm viewing area with True-View optics (shades 3/5, 8-14)
- Removable flip-up grinding visor for non-welding tasks (170 x 104mm)
- Adjust helmet airflow with Climate Control for optimal comfort
- Heavy-duty Adflo PAPP for 12hrs respiratory protection (RMPF = 50)

3M™ Speedglas™ Welding Helmet G5-01TW with Heavy-Duty Adflo PAPP

PN: 617820

\$2199 INC GST

- Extra-large 73 x 109mm viewing area with True-View optics
- Intermediate shade 5 for smoother dark-light transition (shades 3/5, 8-13)
- Flip-up mechanism reveals 170 x 104mm high impact grinding visor
- Adjust the direction of airflow inside the helmet with Climate Control
- Heavy-duty Adflo PAPP for 12hrs respiratory protection (RMPF = 50)

3M™ M-Series Face Shield & Safety Helmet M-307 with Heavy-Duty Adflo PAPP Respirator

\$2080 INC GST

PN: 890307HD

- High impact face shield with built-in safety helmet
- Chemical and scratch-resistant lens
- Excellent peripheral and downward vision with excellent optical clarity
- Flame resistant face seal
- New upgraded heavy-duty Adflo™ PAPP is super light with rapid charge

GUIDE®

Guide 3572 Premium Welding Gloves
'The Red Back' Cut F Med to 2XL

PN:G3572

\$42.50 INC GST

The GUIDE 3572 combines soft goat skin leather on the palm, normally reserved for the dexterity demands of TIG welding, with precisely placed cow split leather reinforcements and the padding to deliver extreme heat protection. GUIDE 3572 combines the highest possible cut protection with unrivalled comfort, dexterity, and fit.

Guide 3571 Premium Welding
Gloves Cut C Med to 2XL

\$34.50 INC GST

PN:G3571

The GUIDE 3571 are welding gloves with a difference—made from the BEST quality full-grain goatskin leather, turned inside out. The reversed goatskin leather provides a hardwearing and durable exterior with a super comfortable interior that delivers a softer feel, greater dexterity, and enhanced flexibility.

Guide 3569 Premium Welding Gloves L to 2XL

PN:G3569

\$13 INC GST

GUIDE 3569 cow split leather welding gloves are suitable for MIG and MMA welding and other high heat applications. The glove has reinforcement in the palm and a super comfortable cotton lining. The legendary GUIDE resting fit molds to the shape of your hand and the Kevlar heat-resistant seams mean these gloves will stand up to the toughest jobs.

Bomaksan BENCH Fume Extraction System

POA INC GST

PN: BBENCH

The Bomaksan BENCH combines the benefits of a mobile LEV fume extraction system with a downdraft bench and can be used across all medium-to-high welding fume environments.

Technology for the
Welder's World.

BINZEL FEC FUME EXTRACTOR PACKAGE

PN:601.KFEC

\$5395 INC GST

The FEC weld fume extractor package delivers innovative cyclone technology which is the ideal solution for minimising harmful welding fumes within a workshop environment.

FUME FLEX

PN:601.0091.1

\$4375 INC GST

The X fume flex comes with a flexible 4 metre arm and is suited for any manual welding work station and for all welding cutting and grinding including a hood light.

X FUMED ADVANCED PKG

PN:601.K2ADV36-5m

\$8100 INC GST

The X Fume Advanced is particularly powerful thanks to its high vacuum technology, automatic filter cleaning and two connections for extraction hoses.

BINZEL NOZZLE DIP 330GM

PN:192.0058

\$9.50 INC GST

Spatter protection paste for gas nozzles. Biodegradable.

Binzel Ceramic Spray 400ML

PN:192.0228.1 **\$29.50** INC GST

Ceramic Spray is resistant to high temperatures and provides long-term protection from welding spatter adhesions on gas nozzle and contact tips, and on all welding process fixtures.

Binzel Anti-Spatter-Spray SUPER
400 ml

\$9.50 INC GST

PN:192.0315.1

Based on an aqueous emulsion of vegetable oils, contains no hazardous substances and is therefore not subject to any separate safety regulations.

CALTEX

CALTEX DELO STARPLEX EP 2 425GM

PN:510859RFL **\$8.95** INC GST

A premium, multipurpose EP grease to protect metal surfaces. Perfect for construction equipment, road rollers, and more.

CALTEX DELO GOLD ULTRA 15W40 20L

PN:500574HOK **\$114.40** INC GST

A high performance, multigrade, heavy-duty diesel engine oil specifically designed to lubricate a wide range of engines to prolong engine performance.

CALTEX DELO TORQFORCE 10W 20L

PN:510157HOK **\$119.90** INC GST

Delo® TorqForce are high performance lubricants designed for use in transmissions, final drives, and hydraulic systems requiring a fluid meeting Caterpillar TO-4 or AllisonC-4 requirements. They are also recommended for transmission and hydraulic systems manufactured by Dana Powershift, Komatsu, Komatsu Dresser, Tremec/ TTC, Vickers and ZF.

CALTEXRANDO HD 68 18L (HYDRAULIC OIL)

PN:520212HRK **\$108.90** INC GST

Rando® HD oils are a hydraulic fluid designed to give robust protection to hydraulic pumps in mobile and stationary systems.

CALTEX DELO 400 SLK 15W40 20L

PN:505502HOK **\$136.40** INC GST

An API CK-4 premium quality "low-SAPS" heavy-duty diesel engine oil specifically designed to lubricate a wide range of high speed diesel engines.

CALTEX DELO GEAR EP5 85W140 20L

PN:510412HOK **\$146.30** INC GST

For use in spiral bevel and hypoid differentials, power dividers, and oil-lubricated steering axle wheel bearings.

CALTEX RANDO HD 46 18L (HYDRAULIC OIL)

PN:520211HRK **\$105.60** INC GST

Rando® HD oils are a hydraulic fluid designed to give robust protection to hydraulic pumps in mobile and stationary systems.

CALTEX ULTRA-DUTY GREASE 2 425GM

PN:540952RFL **\$8.95** INC GST

A premium ultra-duty EP grease formulated to protect metal surfaces, minimise leakage, and protect engines from rust and corrosion.

Big Red Welding Glove

PN: 300FLWKT

\$17.95 | XS - 3XL INC GST

The Big Red® welding glove is famous in the Australasian welding market and sets the benchmark for professional welding gloves. The Big Red® is designed for extra durability and comfort. Our leather is carefully selected to be soft, and our liners are cotton for additional comfort and additional flame resistance.

Black & Gold Welding Gloves

PN: BGFLW16

\$9.00
INC GST

The Black and Gold welding glove is a good economical, entry level welding glove manufactured from quality cow split leather.

Kevar Blue Welding Glove

PN: 300RKB

INC GST \$17.95 | S-XL

The Kev Blue™ welding glove sets the standard for protection for boiler making and heavy duty welding. Many have tried to copy our glove and failed to meet the quality and protection levels that the original Kev Blue™ continually offers.

TigMate Pro Welding Glove

PN: TIGPRO INC GST \$21.95 | M-2XL

The TigMate® Pro is a premium welding glove designed to offer extra sensitivity and touch and to be extremely comfortable.

The Lefties Welding Gloves

PN: 4062LHO

\$15.00 INC GST

The Lefties® (2 left-handed welding gloves) were the first of their kind and were created to satisfy welding situations when the left handed gloves wear out faster than the right.

The Lefties XT Welding Gloves

PN: 4062LHOXT

\$33.00 INC GST

The Lefties® XT (2 left-handed welding gloves) has all the features of the Lefties, extended to a total length of 680mm for serious lower and upper arm protection. In certain welding situations, the Lefties® XT can be worn with an apron and still offer very good full frontal protection without the need for a welding jacket or welding sleeves.

Big Red Welders Jacket

PN: BRWJ
INC GST \$110.00 | S-6XL

The Big Red® Welders Jacket has been designed for heavy duty welding. The zip and hook + loop closure allows for quick and easy donning & doffing. All seams are sewn with heat resistant aramid thread for extra durability.

Big Red Welders Jacket with Reflective Trim

PN: BRWJT1
\$140.00 INC GST

The Big Red® Welders Jacket with Silver FR Reflective Trim has been designed for heavy duty welding where additional night-time visibility is required. The zip and hook + loop closure allows for quick & easy donning & doffing. All seams are sewn with heat resistant aramid thread for extra durability.

Big Red Leather Welding Sleeves with Yoke

PN: BRSWY \$85.00 INC GST

The Big Red® leather welder's sleeves with front and back yoke, press stud closure and hook + loop cuff tabs. Designed to give you protection for your arms and shoulders and is ideal for lighter welding or for very hot conditions.

Big Red Welders Seatless Trousers

PN: BRWTSL
\$144.00 | S-3XL
INC GST

The Big Red® Welders Seatless Trousers are designed for heavy duty welding. Designed to be comfortably worn over your work trousers, for when heavy duty leg protection is required. All seams are sewn with heat resistant aramid thread for extra durability.

Blue Max A1 Leather Welders Apron

PN: A1
\$33.00 INC GST

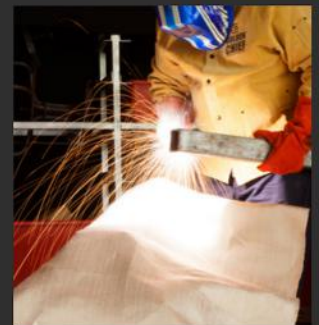

The Blue Max® Leather Apron is made from grain leather, which is extremely durable, flame resistant, and offers excellent protection from welding spatters and dross. Adjustable leather waist and neck straps with quick release buckles.

Heatshield Welding Blanket

PN: HSB63
\$55.00 INC GST

HeatShield® is manufactured from E Glass fibre which is a non-combustible, flexible, inorganic material that has been specifically designed to provide retention of heat. Heatshield® has a 100% duty cycle providing a wide scope while fulfilling most applications

Big Red Cable Covers

8000 x 200 / PN: CCBR80200

4000 x 200 / PN: CCBR40200

\$78.00 INC GST

\$78.00 INC GST

Protect and extend the life of your welding torch cables from damaging spatter and dross with Elliotts' Big Red® leather cable covers. Each cable cover closes with 25mm hook + loop and can be easily joined together with a cable tie.

Master tig sets new standards for weld quality, usability, and power efficiency in ACDC tig welding.

LINCOLN[®] ELECTRIC

600X PLUS

PN:K4794-2

POA INC GST

The Air Vantage 600X Plus is your 3-in-1 Powerhorse. The ultimate on-site all rounder punching a surge of energy and power with a 600A welder - 20Kw 50Hz generator / 60cfm 100psi compressor

FRONTIER 580

PN:K5293-1

POA INC GST

The New Frontier 580X takes arc performance to new heights with cutting-edge multi-process capability you can optimise CC and CV modes whilst harnessing specialised modes for advanced GMAW applications like STT and pulse welding. An industry first, next gen bright and durable 7" digital user interface screen save and recall weld parameters effortlessly. Auto stop/start technology ensure engine idling is a thing of the past saving on fuel and engine wear and tear.

CrossLink Technology gives you the power to adjust machine output at the arc, promoting productivity, site safety and achieve top-notch weld quality

VANTAGE 500 50Hz (AU) Perkins

PN:K3615-1

POA INC GST

Excellent, all-round welder/generator capable of up to 500 amps of DC multi-process welding. 240 VAC single phase, and 415 VAC three phase 50Hz auxiliary power. Powered by a 43 hp engine and features patented Chopper Technology.

VANTAGE 400 (AU) PERKINS

PN:K32038-1

POA INC GST

Excellent, all-round welder/generator capable of up to 400 amps of DC multi-process welding. 240 VAC single phase, and 415 VAC three phase auxiliary power. Powered by a 43 hp Perkins 404D-22 diesel engine and features patented Chopper Technology.

LN-25X CrossLink with bonus powercraft no.4 gun

DUEL MAVERICK 450

PN:K4393-1

POA INC GST

Built specifically for the demanding needs of construction site, pipelines and hire fleets, the Dual is the ultimate solution. It's two complete welders packed into one dynamic package featuring a cutting-edge design powered by the Perkins 403D-11 26.4 HP Tier 4i water cooled diesel engine delivers unrivaled performance.

RANGER 250GTX

PN:K2923-1

\$11,890 INC GST

Xtra performance, Power and Protection with 250 amps for AC or DC stick and DC wire welding and extra power with up to 7,200 watts continuous for lights, grinders or high amperage equipment. A totally enclosed case for full protection, 3 service access doors and low noise this versatile AC/DC delivers excellent AC TIG welding with optimal TIG module and either a foot or hand Amptrol for aluminum and other alloy welding.

OUTBACK 185

PN: K2706-3

\$8,350.00 INC GST

Easy to start with all engine controls on the front, the Outback 185 is great for anyone who needs portable DC stick welding and AC generator power. A large 25.7 litre fuel tank, low-lift grab bars and a 35mm rugged tube frame weld with up to 4mm Stick Electrode up to 185 amps of DC output for many applications. 5700 watts peak AC generator power (5,200 continuous) provides many uses. Grinder, work lights, pump, motor starting or emergency power!

LINCOLN[®] ELECTRIC

TPX 300

PN: K12060-1 **\$8,250** INC GST

300 TPX HF and lift TIG DC, TIG pulse, DC stick three phase

ASPECT 200 **\$5,750** INC GST

PN: K14189-2 (MACHINE ONLY)

Excellent HF ignition, stable and fast arc, minimum current 2A. With advanced TIG AC & DC functions - four wave shapes, pulse, adjustable balance and offset, innovative and simple control panel, AC auto setting. Generator compatible and ideal for site use. Cellulosic capability, bright digital display with easy setup buttons, 9 memory slots, new control in the TIG torch this energy efficient 1 phase buck-boost circuit will not disappoint

FLEXTEC 350XP **\$10,300** INC GST

PN: K5422-1 (MACHINE ONLY)

350A Multi-process welder. Supports Stick, TIG, MIG, Pulsed MIG, Flux cored, Gouging. Supports 14-pin analog wire feeders, 5-pin ArcLink digital wire feeder, across-the-arc wire feeders and CrossLink compatible wire feeders.

FLEXTEC 500X **\$10,950** INC GST

PN: K3607-2 (MACHINE ONLY)

500A Multi-process power source with CrossLink Technology

VIKING 3250D FGS FLIP FRONT PAPER WELDING HELMET KIT

PN: K4550-2

Top features include an intelligent blower system with HEPA filter, integrated grind shield and side windows and an extra-large widescreen 12.5 Sq Inch auto-darkening lens with our exclusive 4C Lens technology broadens the colour range and hues which can be seen in both light and dark states. High performance rechargeable battery offering up to 8 hrs of charge

POA

SPEEDTEC 200C

PN: K14099-2 **\$2,700** INC GST

Innovative, robust, compact, portable and lightweight design ready for use anywhere with Power Factor Correction (PFC) giving you more welding power, energy and cost savings, generator compatible. A user-friendly icon control panel suitable for multiple tasks: CV MIG, CS Synergic, FCAW, Stick, TIG Lift.

POWERCRAFT 250M

PN: K69089-1P **\$4,199** INC GST

A 4 in 1 industrial quality inverter-based compact 250 amp 240V/15amp welding machine suitable & capable for all general fabrication, maintenance or repair work. The 250M is capable of MIG, Flux-cored, Pulse AC/DC TIG, Lift DC TIG, High Frequency AC/DC TIG and Stick processes.

POWERCRAFT 200M

PN: K69074-1 **\$2,150** INC GST

A 200 amp 240v / 10amp multi-purpose 4 in 1 welder with EZYSET technology. A simple digital LCD display and the EZYSET technology provides for synergic control of amps and volts with one dial control. Built in automatic protection functions and VRD provide added safety. A ready-to-weld package includes: MIG gun, TIG torch, electrode holder, work clamp, cables, drive rolls and flow meter. It is spool gun capable with the addition of spool gun

POWERTEC 500I

PN: K14185-1P **\$13,500** INC GST

Ready to weld package includes Synergic L56D wire feeder, 10m interconnection cables, 4m gun, return leads, input lead 5m

POWERTEC 350I

PN: K14183-1P **\$7,650** INC GST

Ready to weld package includes Synergic L56D wire feeder, 10m interconnection cables, 4m gun, return leads, input lead 5m

QUALITY CUTTING TOOLS

ROTABROACH CHOP SAW

The Element 14 Chop Saw makes light work of cutting steel plate, square tube, angle iron, pipe, tube and sheet metal. Quicker, more accurate and safer than conventional abrasive cutting saws, it produces a cut that is virtually spark free with no burr. Its swivel vice also enables 45 degree cutting.

- Steel, Aluminum, Stainless and Multi Purpose blades available.

PRICES FROM \$899
INC GST

ROTABROACH MAGNETIC BASE DRILLS

- Range of Machines up to 100mm Drilling Capacity
- Variable Speed
- Forward/Reverse on most models
- Low profile machines for tight spots

PRICES FROM \$1195
INC GST

KARNASCH CARBIDE BURRS

- Largest range of burrs available
- 12 different styles of cut to suit any application-Industry Leading Coating technologies for greater tool life.
- Less tool change over resulting in lower labour costs
- 14 shapes
- Diameters from 1mm up to 25mm
- Long shank burrs

PUNCH AND DIE TOOLING

Tooling to suit nearly every machine.

- Rounds
- Slots
- Squares
- Offsets
- Specials

KARNASCH BEVELLING

- Electric and Pneumatic tools available
- Ideal for Deburring, Paint preparation, Smooth Finish, Cable feed
- Bevel heads available in 30°, 37.5°, 45°
- Radius cutters available R2, R3, R4, R6, R8
- Reduction in air pollution and sparking around the working environment caused by fine dust particles
- Reduced downtime when changing consumables compared to tools with inserts
- Reduced vibration and noise levels compared to grinding or tools with inserts.

PRICES FROM \$1799
INC GST

KARNASCH CUTTERS

- Variety of cutters for Mild Steel, Stainless Steel and Hardox applications
- 12-150mm diameters
- 30, 55, 80, 110 and 150mm depth of cuts in varying diameters
- Specially formulated steels for greater tool life-Advanced coating technologies for superior wear

TESUCO

STARTER KIT OXY-ACET

PN:GWKOAT **\$460** INC GST

The oxygen/acetylene and oxygen/LpG gas kit have been designed to include the equipment needed for the majority of welding, brazing, heating and cutting work. The equipment fully meets the requirements and other reference standards of AS4839

STARTER KIT OXY-LPG

PN:GWKOLT **\$460** INC GST

ONE PIECE CUTTING TORCH

PN:GWKOAT **FROM \$235** INC GST

Tesuco® cutting torches are suitable for both Type 41 (oxygen/acetylene) and Type 44 (oxygen/LpG) cutting and gouging nozzles. Designed for cutting. One-piece design allows for cutting of material up to 300 mm thickness. 90° and 180° head configurations available. Available in three standard lengths 600mm, 1m & 2m

TWIN HOSE SETS **FROM \$68** INC GST

Applications for welding and cutting require 5 mm ID hose. For heating and gouging, 10 mm ID must be used to ensure the correct flowrate is achieved. All hoses have been manufactured to AS/NS 1335/2020 and have factory fitted crimped hose connections. All hoses have been factory tested Oxy-Acet & Oxy-LPG from 5, 10, 15 & 20 m

OXYGEN REGULATORS **\$79** INC GST

Tesuco oxygen and acetylene regulators have been manufactured and tested to AS 4267. They are manufactured from machined brass, are easily adjustable and have easy to read pressure gauges.

WIA

WELDARC 135

MC110-0

\$289 INC GST

The Weldarc is the perfect stick welder if you are a new starter and it the smallest in the WIA range. Don't let the size fool you, whilst simple in design at only 4kgs with built-in Arc Force it's a well priced welder offering reliability and performance.

WELDARC 145

MC106-0

\$499 INC GST

Offering all the features of the 135 plus TIG and Lift, Fan on demand, VRD (Voltage Reduction Device) and IP23S rated

WELDARC 185

MC112-0

\$595 INC GST

The 185, is the perfect Stick/TIG welder for any intermediate welder. Coming in at 8kg this unit is lightweight yet robust and can easily be transported from the workshop to on-site.

WELDARC 200DC

MC113-0

\$1,350 INC GST

Quality results from the 200 DC Stick/TIG welder for intermediate to professionals. HF start and Pulse TIG capabilities provide easy non-contact arc starting and allows greater heat control of the weld pool.

WELDARC 200AC/DC

MC114-0

\$2,150 INC GST

Looking for high precision aluminum welding, the 200 AC/DC features an up-to-date and easy to use digital LCS interface for quick setup through pre-set parameters and memory selection

WELDMATIC FABRICATOR PACKAGE

CP149-1

\$6,270 INC GST

The most powerful MIG welding machine for medium and heavy industrial fabrication applications. A three phase welder, packaged with a separate wire feeder providing extra flexibility for a workshop set up and enables custom set up to suit the job including arc start, wire speed, burn back, spot time, creep model pre and post gas plus more

WELDMATIC 500

CP145-1

\$5,225 INC GST

A powerful WIA package, the 500 offers a robust multi-process machine built to perform for professional fabrication applications. Offering MIG, TIG and Stick welding it offers optimal weld characteristics that provide high quality results

WELDMATIC 250

CP143-1

\$1,940 INC GST

A portable package but big on power, the 250 is capable of MIG, TIG and Stick welding and features an up-to-date and easy to use digital LCD interface for quick setup through pre-set parameters and memory selections. It takes 5kg and 15kg spools making it peepfect for larger welding jobs

WELDMATIC 180

CP141-1

\$880 INC GST

One package that is perfect for trade welding or welding hobbyists after one welder that can MIG, Stick and TIG weld with ease. From the workshop to outdoor repairs, this lightweight unit makes it easy

TRAILBLAZER 325 DIESEL

PN: MR907549001-2

Easy operation reduce fuel consumption and noise by using the front panel air flow control high matches engine speeds to air flow requirements for tools, plasma cutting and gouging. Front panel air pressure adjustments simple to adjust the correct air pressure for specific applications (80-160 psi)

XMT350 FIELD PRO ARC REACH

PN: MR907730001

The optimised stick and TIG performance specifically meets the needs of open root pipe welding and helps reduce training time and increases quality. Starts maintain root opening and prepared edge and stops limit arc marks outside of the heat-affected zone

MILLER BOBCAT 260

PN: MR907792001-1

Remote Start/Stop Take control and eliminate noise. This rugged, durable and long-lasting industry leader, exceeds requirements for extreme working conditions. Get more out of each tank with a large 45 litre fuel capacity extending the time between maintenance and work without the hassle of walking back to your machine.

TRAILBLAZER 325 PETROL

PN: MR907797-2

Matches engine speed to load - a Miller exclusive. Get the welding power you need plus reduced fuel consumption and lower noise levels for a more profitable, safer job-site. Auto-speed technology responds to weld requirements by automatically adjusting engine speed to one of 5 rpm levels so the engine never works harder than necessary.

BIG BLUE 800X DUO

PN: MR907763-1

800 Amps of weld power and 27,000 watts of peak generator power. One dependable engine, two independent arcs with up to 400 amps each. Or plug in an additional inverter for a true multi-operator work platform!

MILLER SUITCASE ARC REACH 12

PN: MR301456

With the ability to set volt and wire speed remotely and a durable design reducing Downtime simple connect the ArcReach SuitCase feeder to your weld lead and away you go. Ruggedly constructed internal component delivering the performance you need. Get maximum fleet compatibility when you pair XMT350 FieldPro welders and ArcReach feeders with other ArcReach compatible products.

MILLER DYNASTY 210 AC/DC TIG WELDER

PN: MR907816003

\$7990 INC GST

- Intuitive Interface LCD Display
- Program Memory
- Pro-Set Feature (professional settings)

This feature eliminates the guesswork when setting weld parameters.

- Locks and Limits
- Provides control of the weld parameter ranges
- QuietPulse™

is activated by changing the waveshape for DC pulse welding, creating a slower, more fluid transition between the background and peak amperage to create the least possible audible noise.

- USB Port
- Provides the ability to easily update software
- Auto-Line™ Technology

For portability and reliability this inverter power supply allows for any single-phase input voltage hookup (240-480 V)

- Stick Features

Tailored arc control (DIG) allows the arc characteristics to be changed for specific applications and electrodes

- AC Frequency Control

MILLER PAPR HDV

PN: 305000

\$2,090 INC GST

Boasting a 174mm x 126mm viewing area the Miller PAPR HDV provides a clear view for grinding and other tasks, increasing helmet-on-time, decreasing the potential for eye injuries and gives you a sharper detailed view of the weld pool with minimal distortion. Advanced high-definition optics that is clearer and brighter. Provides memory, arc time and count functions that allows you to store favourite settings, keep track of weld time and arc starts. Exclusive Miller X-mode technology, Gen 4 headgear, half shade settings and a aluminium heat shield, 2.5 light state and memory function for easy switching between to preset customised memory settings.

PROFESSIONAL WORKWEAR & CUSTOM EMBROIDERY SERVICES

WORKWEAR**

**TRU
WORKWEAR**

Looking to outfit your team in stylish and functional workwear? Need that extra touch of personalization with custom embroidery? Look no further! We've got you covered with top-notch workwear and in-house embroidery services tailored to your needs.

WHAT WE OFFER:

Premium Workwear:

From durable uniforms to stylish corporate attire, we offer a wide range of high-quality workwear options suitable for various industries and professions. Our collection combines comfort, functionality, and professional style to ensure your team looks and feels their best on the job.

Custom Embroidery:

Make your workwear truly stand out with our custom embroidery services! Add your company logo, employee names, or any design of your choice to create personalized apparel that reflects your brand identity. Our skilled embroiderers pay attention to every detail, ensuring impeccable results that exceed your expectations.

WHY CHOOSE US:

- Quality Assurance:** We are committed to delivering workwear and embroidery of the highest quality. Our products are made from premium materials and undergo rigorous quality control to ensure durability and long-lasting performance.
- Customization Options:** With our extensive customization options, you have the freedom to create unique designs that perfectly match your vision. Whether you're looking for subtle branding or eye-catching graphics, we'll bring your ideas to life with precision and care.
- Fast Turnaround:** We understand the importance of timely delivery, which is why we strive to provide quick turnaround times without compromising on quality. Count on us to meet your deadlines and keep your team looking professional and polished.

GET STARTED TODAY!

Ready to elevate your team's appearance with our top-of-the-line workwear and embroidery services? Contact us now to discuss your requirements and request a quote. Our friendly team is here to assist you every step of the way, ensuring a seamless and satisfying experience. Don't settle for ordinary workwear—choose excellence with our premium products and personalized embroidery. Elevate your brand, empower your team, and make a lasting impression with our unmatched services!

TRANSFORMING WORKWEAR, ONE STITCH AT A TIME

VENDING MACHINES

LOOKING TO SAVE MONEY, CONTROL YOUR INVENTORY AND INCREASE YOUR PRODUCTIVITY?

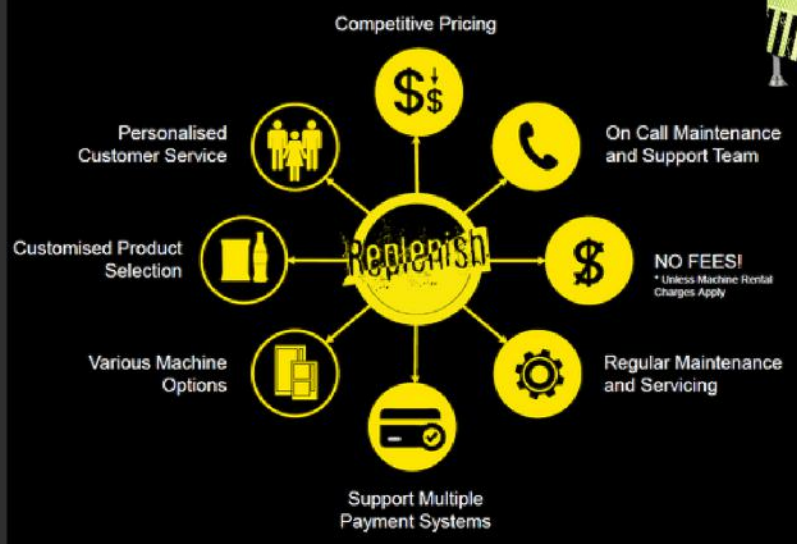

Our PPE & consumable vending machines provide an alternative option for stock control and supply.

How does it work?

- Each employee is given an allocated number of products which is assessed and controlled through their employee access cards.
- Once the allocated number of items has been exhausted, the employee is then held accountable.
- This allows the business to better control stock levels, reduce costs and instill more accountability to their staff.

PPE & Consumable Vending cost reductions & economic benefits include:

- ✓ Use of existing access / swipe cards
- ✓ Ability to set controlled spend limits / access
- ✓ Improved productivity
- ✓ Reduction in consumption
- ✓ Saves time
- ✓ Multi-vend up to 5 items per transaction
- ✓ Higher levels of accountability
- ✓ Reduction in inventory levels
- ✓ Reduced procurement costs
- ✓ Private employee information not required
- ✓ 24/7 access to real time data and reporting
- ✓ Accurate inventory visibility
- ✓ Ability to reconcile against current stock levels
